

khaled mohamed

software engineer /web developer

Profile

I am an SW engineer senior at Faculty of Computers and Information, SW Dept, Helwan University

- I am an experienced web developer
- I work with agile methodology
- I worked on a project using scrum on **azure DevOps** so I can deal with that as well
- you will find my projects deployed on Heroku or netlify and my Github
- I have built a lot of projects throughout my journey in college which are mobile-based web-based or desktop-based project and DevOps using azure
- now I am focused on the web

I am an experienced mern stack developer

(html , css ,bootstrap, mongoose , MongoDB , Mongoose ,node.js ,express.js ,Reactjs)
